Where untamed

nature awaits you...

BELIZE

Tour Description

You will feel like a bird soaring above the lush jungle of Belize on the exhilarating canopy tour.

Your adventure begins with a scenic 90 minute journey to Big Hill Station with your experienced tour guide sharing the story of Belize, her people and culture along the way.

Ride along the 100 year old logging road and travel across the Savannah Pine Ridge before embarking on a short walk through the Belizean jungle. Encounter crevassed rock walls more than 100 feet tall.

After a short safety briefing your expert guides will suit you up with the necessary equipment and lead you to your first traverse. Traverse across the fallen ceiling of the enormous open-air Lost World Cave on courses ranging from 105 to 500 feet in distance. Feel the thrill as you glide from platform to platform above the floor of the densely populated forest. The finale! – a grand traverse to a rock shelf, protruding from the side of the large tunnel-like entrance to the cave. Conclude your adventure with an exciting rappel to the ground!
