Deep Sea Fishing

Cozumel and its nutrient rich waters attract some of the best sport fishing in the Caribbean. Fisherman and their yachts arrive from all destinations to try their luck and skill at catching a big Blue Marlin, White Marlin, or Sailfish. We commonly catch Tuna, Sierra, Dorado, Wahoo and Barracuda.

No experience necessary. Captain and crew will brief you prior to departure regarding sea conditions chair rotation, and fishing techniques. Our fleet of 6'31-foot "Island Hoppers" are ideal for our Caribbean style fishing.

All the boats are rigged with a downrigger and outriggers and all lines will be rotated throughout the tour.

Your half-day trip (4 hours) includes beverages (like beer, soda or water), a snack, rods and reels, bait tackle and ice. We can also arrange a special lunch for you and your party afterwards with the "catch of the day".
