

Reef N' Rays

ULTIMATE SNORKEL

A unique snorkeling tour taking you to some of Grand Cayman's most beautiful coral reefs and the world famous Stingray city.

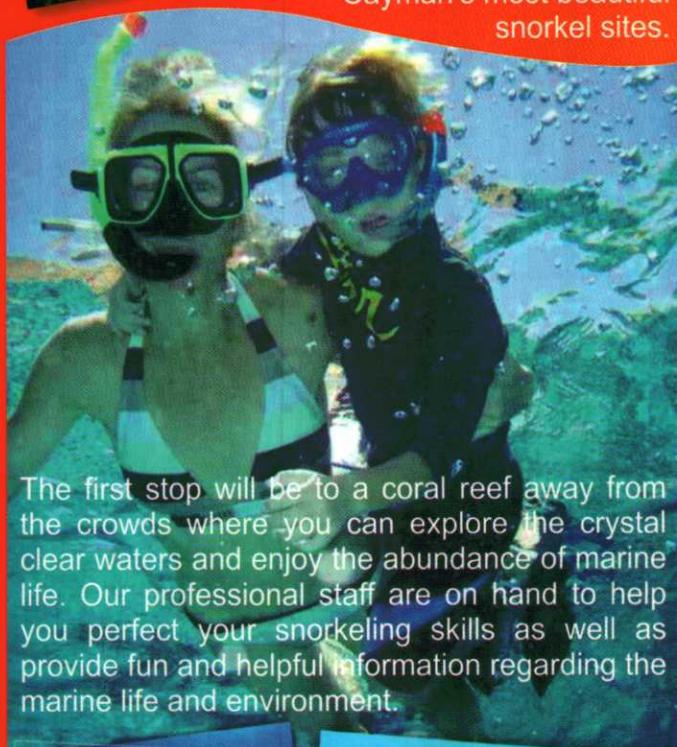

A Don Foster's representative will meet you in George Town Harbour and escort you to buses that will take you to their private dock in Snug Harbour where you will board one of their spacious boats that will transport you across the North Sound to your first snorkel stop at one of Grand Cayman's beautiful coral reefs. Here you can expect to see beautiful corals as well as prolific marine life including a wide array of tropical fish such as angel fish, parrot fish, sergeant majors, eels and maybe even a turtle.

Your second stop will be at the world famous Stingray City where you will be snorkeling with these graceful creatures in 12 feet of water, your crew will feed the rays and allow you to touch and interact with them in a fun and safe manner. This is a wonderful way to experience the phenomenon that is Stingray City away from the crowds. At the end of your snorkel adventure you will be transported back to the pier in town. This tour is suitable for people with some snorkel experience.

Shipwreck & Reef SNORKELLING

This tour departs directly from Georgetown Harbour, on one of Don Foster's spacious snorkel boats. On this tour we will take you to two of Grand Cayman's most beautiful snorkel sites.

The first stop will be to a coral reef away from the crowds where you can explore the crystal clear waters and enjoy the abundance of marine life. Our professional staff are on hand to help you perfect your snorkeling skills as well as provide fun and helpful information regarding the marine life and environment.

The second stop will be to a wreck where you will be given a short history of the wreck before exploring the site and marine life surrounding it. You can expect to see a full array of tropical fish and corals on this adventure. This tour is suitable for both experienced snorkelers and beginners.
