Roatan's beautiful protected bays provide the perfect setting for your kayak adventure. If you are a first timer, don't worry, as the staff will instruct you on the art of kayaking as well as the proper technique for kayaking and snorkeling. Gently paddle your kayak through these Caribbean crystal waters for approx. half an hour as your guides explain the area's ecosystem. Stay alert, as you may spot a green moray eel or even an endangered sea turtle! Then, stop for a while to rest on a beautiful white beach and you can choose between relax there or go for a walk on the beach with your guide reaching a small hillside resort from where you can have a beautiful view of the beach area. Return to your kayak and paddle back to West End for an other 30 minutes or so where you will be lead to the beach and outfitted with snorkel gear for an hour of snorkeling right off the beach in the West End Marine Park which is a protected area. When you finish the active sports, you will have time at Cannibal Café nestled in the center of the unique and charming community of West End. Here you will have an opportunity to enjoy complimentary lemonade, iced tea & water and some Island appetizers. Free time for shopping within a short walk, or just relax.
